Subject: Materials for Presentation

Hi all:
Rick is giving presentations to the SRRC on April 10 - 11. One of these presentations will address planned publications. We've captured the projects that contain deliverables of a poster, publication or manuscript; Rick wants to confirm that this information is correct and that the target date is accurate (as of today).

Can you please review your deliverables as contained in the document below and let me know if there are any corrections? Since the presentation is next week, I need your responses ASAP.

Thanks in advance for your cooperation with this.

-Valerie

Frau Viol: Could you please assist in routing this document to those individuals at INBIFO who are not accessible on Outlook? Thanks.
